**NOTES:**

1. In view of the continuing Covid-19 pandemic, the Ministry of Corporate Affairs ("MCA") has vide its circular dated May 5, 2020 read with circulars dated April 8, 2020 and April 13, 2020 (collectively referred to as "MCA Circulars") permitted the holding of the Annual General Meeting ("AGM") through VC / OAVM, without the physical presence of the Members at a common venue. In compliance with the provisions of the Companies Act, 2013 ("Act"), SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations") and MCA Circulars, the AGM of the Company is being held through VC / OAVM.
2. The relevant details, pursuant to Regulations 26(4) and 36(3) of the SEBI Listing Regulations and Secretarial Standard on General Meetings issued by the Institute of Company Secretaries of India, in respect of Director seeking re-appointment at this AGM is annexed.
3. Pursuant to the provisions of the Act, a Member entitled to attend and vote at the AGM is entitled to appoint a proxy to attend and vote on his/her behalf and the proxy need not be a Member of the Company. Since this AGM is being held pursuant to the MCA Circulars through VC / OAVM, physical attendance of Members has been dispensed with. Accordingly, the facility for appointment of proxies by the Members will not be available for the AGM and hence the Proxy Form and Attendance Slip are not annexed to this Notice.
4. Institutional / Corporate Shareholders (i.e. other than individuals / HUF, NRI, etc.) are required to send a scanned copy (PDF/JPG Format) of its Board or governing body Resolution/Authorization etc., authorizing its representative to attend the AGM through VC / OAVM on its behalf and to vote through remote e-voting. The said Resolution/Authorization shall be sent to the Scrutinizer, by email through its registered email address to csivpa@gmail.com with a copy marked to evoting@cDSLindia.com.
5. The Register of Members and the Share Transfer books of the Company will remain closed from November 23, 2021 to November 29, 2021 (both days inclusive) for the purpose of Annual General Meeting of the Company.
6. To support the 'Green Initiative', Members who have not yet registered their email addresses are requested to register the same with their DPs in case the shares are held by them in electronic form and with Satellite Corporate Services Private Limited in case the shares are held by them in physical form.
7. Members are requested to intimate changes, if any, pertaining to their name, postal address, email address, telephone/ mobile numbers, Permanent Account Number (PAN), mandates, nominations, power of attorney, bank details such as, name of the bank and branch details, bank account number, MICR code, IFSC code, etc., to their DPs in case the shares are held by them in electronic form and to Satellite Corporate Services Private Limited in case the shares are held by them in physical form.
8. As per the provisions of Section 72 of the Act, the facility for making nomination is available for the Members in respect of the shares held by them. Members who have not yet registered their nomination are requested to register the same by submitting Form No. SH-13. Members are requested to submit the said details to their DP.
9. In case of joint holders, the Member whose name appears as the first holder in the order of names as per the Register of Members of the Company will be entitled to vote at the AGM.
10. Members desiring any clarification on accounts are requested to write to the Company at an early date through email on rajkamalsynthetics@gmail.com so as to enable the Company to keep the information ready.
11. In compliance with the aforesaid MCA Circulars and SEBI Circular dated May 12, 2020, Notice of the AGM along with the Annual Report

2020- 21 is being sent only through electronic mode to those Members whose email addresses are registered with the Company/ Depositories. Members may note that the Notice and Annual Report 2020-21 will also be available on the Company's website [www.rajkamalsynthetics.com](http://www.rajkamalsynthetics.com), websites of the Stock Exchanges i.e. BSE Limited at [www.bseindia.com](http://www.bseindia.com), and on the website of CDSL : <https://www.evotingindia.com>

12. At the 39th AGM held on December 31, 2020 the Members approved appointment of M/s Harshil Shah & Company, Chartered Accountants (Firm Registration No. 114179W) as Statutory Auditors of the Company to hold office for a period of five years from the conclusion of that AGM till the conclusion of the 44th AGM, subject to ratification of their appointment by Members at every AGM, if so required under the Act. The requirement to place the matter relating to appointment of auditors for ratification by Member at every AGM has been done away by the Companies (Amendment) Act, 2017 with effect from May 7, 2018. Accordingly, no resolution is being proposed for ratification of appointment of statutory auditors at the fortieth AGM.
13. Since the AGM will be held through VC / OAVM, the Route Map is not annexed in this Notice.
14. Instructions for e-voting and joining the AGM are as follows:
  - (a) Pursuant to the provisions of Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014 (as amended) and Regulation 44 of SEBI (Listing Obligations & Disclosure Requirements) Regulations 2015 (as amended), and MCA Circulars dated April 08, 2020, April 13, 2020 and May 05, 2020 the Company is providing facility of remote e-voting to its Members in respect of the business to be transacted at the AGM. For this purpose, the Company has entered into an agreement with Central Depository Services (India) Limited (CDSL) for facilitating voting through electronic means, as the authorized e-Voting's agency. The facility of casting votes by a member using remote e-voting as well as the e-voting system on the date of the AGM will be provided by CDSL.
  - (b) The Members can join the AGM in the VC/OAVM mode 15 minutes before and after the scheduled time of the commencement of the Meeting by following the procedure mentioned in the Notice. ## **MANAGEMENT DISCUSSION & ANALYSIS REPORT**

### **Overview of the economy**

Overview of the economy India's economy slowed down to 3.1% on the back of the corona virus pandemic superimposed on a prolonged slowdown. Economic growth slowed to an 11-year low of 4.2% in 2020-21 against 6.1% expansion in 2019-20. Although this is the lowest growth rate in the last 44 quarters, it is still higher than the 2.2% growth predicted by most economists and ratings analysts. A country-wide lock down was enforced by the government due to the COVID-19 pandemic. The economic impact of this has been so devastating that manufacturing and services activity came to a grinding halt, resulting in demand falling to unprecedented lows that fed into PMI indices going into a free fall. The country is now faced with enormous job losses, migration of labour, increased expenses in medical and health infrastructure, lower tax collections and high fiscal deficit. The manufacturing sector contracted further, recording a negative growth of 1.4%. Public administration, defence and other services grew at 10.1%. The most disturbing news is that the three components of demand have fallen; consumption demand has slowed, while investments and exports are both in negative territory. Economic activity remained largely subdued and tighter financial conditions impinged upon activity. The Government of India has responded to this economic fallout by announcing two stimulus packages and liquidity easing measures to fuel the economic activity. The lockdown is being removed in a phased manner and efforts are being made to revive the manufacturing, services and other productive activities. During the financial year 2020-21, market sentiments remained volatile since the start of the financial year due to escalating trade tensions between US and China, fears of disruptions to supply chains, prolonged uncertainty on Brexit and geopolitical tensions in Middle East. Amongst the growth enabling pillar of the economy, the service sector is the largest contributor to the nation's GDP, followed by the manufacturing sector. With the intent to boost the domestic manufacturing sector output, the government has spearheaded several campaigns, reforms and initiatives like Make in India, Start-up India to help the sectors increase its share in the overall GDP.

### **Industry Scenario**

The Indian textile sector is a major contributor to the Indian economy in terms of GDP, industrial production and the country's total export earnings. The Indian textile industry is passing through a turbulent phase. With the global downturn ravaging economies, the textile sector is one of the worst hits. The textile industry has gone through a difficult period. India is the second largest producer of man-made fibres (MMF) in the world with presence of large plants having state-of-the-art technology.

### **Opportunities, Challenges, Threats, Risks and Concerns:**

The rampant spread of COVID-19 outbreak, across borders and geographies, has severely impacted almost the whole world and triggered significant downside risks to the overall global economic outlook. The lockdowns and restrictions imposed on various activities due to the pandemic have posed challenges to all the businesses of your Company. The Indian textile & clothing industry has been facing severe challenges in the aftermath of demonetization, GST implementation, global economic slowdown, US-China trade war and recently, the Corona virus outbreak in China. Uncertain availability and volatility in prices of key raw materials is the major concern. The industry is dependent on the international price of crude oil, which directly impacts the price of both our key raw materials PTA and MEG. Any crude supply shock could have an adverse impact on the performance of the Company. In view of the projected growth scenario in Indian textile industry, we expected and improved utilisation levels and margins in the industry and for the Company. Import of raw materials has been minimised owing to better negotiations with local PTA suppliers who have undertaken capacity expansion. The Indian economy provides a large opportunity to the Company to market its products. Slower growth of the Indian economy and stress in sectors such as textiles could impact the performance of the Company. The Company is exposed to risks attached to various statutes and regulations. The Company is mitigating these risks through regular reviews of legal compliances, through internal as well as external compliance audits.

### **Business Outlook**

The outlook for industry and the Company in the near term can be viewed with cautious optimism. Fiscal FY 2021-22 began with a lockdown, with almost zero economic activity in India, which took strict measures to contain the spread and intensity of the pandemic. With an extended lockdown, the impact on GDP is expected to be significant with the risk of negative growth for FY 2022, an all-time low in many years. As the economy gradually normalises, it is expected that both export and import growth may recover, although the current differential between their growth rates is still likely to remain somewhat wide in the near future. We expect the business conditions to remain stable for your Company. However, the world markets are uncertain at present and majority countries are facing economic issues affecting their growth. The prospects of synthetic yarn industry in short term are linked with the movements of crude oil prices in international markets however, the long-term prospects depend with the growing Indian economy and demand growth in end-use products. Continued slowdown in overall textile industry and slowdown in economic growth in recent months can impact sale growth for current year. The export market is not very encouraging either. However, the outlook is heavily contingent upon the intensity, spread and duration of the pandemic.

## **INDEPENDENT AUDITOR'S REPORT**

### **TO THE MEMBERS OF RAJKAMAL SYNTHETICS LIMITED**

#### **Report on the Audit of the Financial Statements**

##### **Opinion**

We have audited the accompanying financial statements of Rajkamal Synthetics Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2021, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, the profit (including Other comprehensive income), changes in equity and its cash flows for the year ended on that date.

##### **Basis for Opinion**

We conducted our audit of the financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

##### **Material Uncertainty Related to Going Concern**

We draw attention to 23 of the financial statements, wherein company's net worth eroded due to losses in current year as well as previous year, which indicate a material uncertainty exists that may cast a significant doubt on the company's ability to continue as a going concern. However for the reason more fully described in aforesaid note the accounts of the Company have been prepared as going Concern. Our opinion is not modified in respect of this matter.

##### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

##### **Our response:**

- We evaluated the design and tested the operating effectiveness of controls in respect of the determination of the provisions. We determined that the operation of the controls provided us with evidence over the completeness, accuracy and valuation of the provisions.
- We read the summary of litigation matters provided by management and held discussions with the management and their legal counsels. We requested legal letters from some of the Company's external legal advisors with respect to the matters included in the aforesaid disclosures. Where appropriate, we examined correspondence connected with the cases.
- For litigation provisions, we tested the calculation of the provisions, assessed the assumptions against third party data, where available and assessed the estimates against historical trends.
- We considered management's judgements on the level of provisioning and disclosures in respect of the aforesaid matters, which we considered to be appropriate.

##### **Information Other than the Financial Statements and Auditor's Report Thereon**

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

**Responsibility of Management for Financial Statements**

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. We draw attention to note no in financial statements, which indicate that the company has incurred loss of Rs 10.34 lakhs during the year as of that net worth has been eroded. Also Company do not have any sales /revenue during the last financial year. These conditions along with other matter set forth in such case exists a material uncertainty that may cast significant doubt about the company's ability to continue as a going concern. However in view of the above management is of the view that the going concern basis of accounting is appropriate. Our opinion is not modified in respect of this matter.

Those Board of Directors are also responsible for overseeing the company's financial reporting process.

**Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Ind AS financial statements for the financial year ended March 31, 2021 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

**Report on Other Legal and Regulatory Requirements**

**Annexure - B to the Auditors' Report****Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")****Opinion:**

We have audited the Internal Financial Controls over financial reporting of Rajkamal Synthetics Limited("the Company") as of March 31, 2021 in conjunction with our audit of the Ind AS Financial Statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

**Management's Responsibility for Internal Financial Controls**

The Company's management is responsible for establishing and maintaining Internal Financial Controls based on the Internal Control over Financial Reporting criteria established by the Company considering the essential components of Internal Control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

**Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's Internal Financial Controls over Financial Reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an Audit of Internal Financial Controls, both applicable to an Audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain Reasonable Assurance about whether adequate Internal Financial Controls over Financial Reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the Internal Financial Controls system over Financial Reporting and their operating effectiveness. Our audit of Internal Financial Controls over Financial Reporting included obtaining an understanding of Internal Financial Controls over Financial Reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of Internal Control based on the assessed risk. The procedures selected depend on the Auditor's Judgment, including the assessment of the risks of material misstatement of the Ind AS Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's Internal Financial Controls system over Financial Reporting.

**Meaning of Internal Financial Controls over Financial Reporting**

A company's Internal Financial Control over Financial Reporting is a process designed to provide reasonable assurance regarding the reliability of Financial Reporting and the preparation of Financial Statements for external purposes in accordance with generally accepted Accounting Principles. A company's Internal Financial Control over Financial Reporting includes those policies and procedures that;

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Financial Statements.

**Inherent Limitations of Internal Financial Controls Over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**b. Functional and presentation currency**

These financial statements are presented in Indian Rupees (Rs.), which is also the Company's functional currency. All amounts have been rounded off to two decimal places to the nearest lakhs, unless otherwise indicated.

**c. Basis of measurement**

The financial statements have been prepared on the historical cost basis, except for certain financial assets and liabilities and defined benefit plan assets/liabilities measured at fair value.

**d. Use of estimates and judgements**

In preparing these financial statements, management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

**Judgements**

Information about judgements made in applying accounting policies that have the most significant effects on the amounts recognised in the financial statements is included in the following notes:

- Note 30 – lease; whether an arrangement contains a lease and:
- Note 30 – lease classification

**Assumptions and estimation uncertainties**

Information about assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment in the year ending 31 March 2021 is included in the following notes:

- Note 3 – useful life of Property, plant and equipment
- Note 4– useful life of Intangible assets
- Note 31 – employee benefit plans
- Note 25 – Income taxes
- Note 28 – recognition and measurement of provisions and contingencies: key assumptions about the likelihood and magnitude of an outflow of resources;

**e. Measurement of fair values**

A number of the Company's accounting policies and disclosures require the measurement of fair values, for both financial assets and liabilities.

The Company has an established control framework with respect to the measurement of fair values. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the

valuation techniques as follows.

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

**2. Significant accounting policies****a. Property, plant and equipment****i. Recognition and measurement**

Items of property, plant and equipment are measured at cost, which includes capitalised borrowing costs, less accumulated depreciation and accumulated impairment losses, if any.

Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

The cost of a self-constructed item of property, plant and equipment comprises the cost of materials and direct labor, any other costs directly attributable to bringing the item to working condition for its intended use, and estimated costs of dismantling and removing the item and restoring the site on which it is located.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

Any gain or loss on disposal of an item of property, plant and equipment is recognised in Statement of profit and loss.

**ii. Subsequent expenditure**

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Company.

**iii. Depreciation**

Depreciation is calculated on cost of items of property, plant and equipment less their estimated residual values over their estimated useful lives using the straight-line method and is recognised in the statement of profit and loss.

The estimated useful lives of items of property, plant and equipment for the current and comparative periods are as follows:

Asset category	Management estimated useful life	Useful life as per Schedule II of the Companies Act, 2013
Building	30 Years	30 Years
Plant and machinery (including moulds)	8 years	5 years
Office equipment's	5 years	5 years
Furniture and fixtures	10 years	10 years
Computers	3 years	3 years
Computer server	3 years	6 years
Vehicles- Motor car	10 years	8 years
Electric fittings	10 years	10 years

Depreciation method, useful lives and residual values are reviewed at each financial year-end and adjusted if appropriate. Based on internal assessment and consequent advice, the management believes that its estimates of useful lives as given above best represent the period over which management expects to use these assets.

Depreciation on additions (disposals) is provided on a pro-rata basis i.e. from (up to) the date on which asset is ready for use (disposed off).

**b. Intangible assets****i. Acquired intangible**

Intangible assets comprise purchased technical know-how are initially measured at cost. Such intangible assets are subsequently measured at cost less accumulated amortisation and any accumulated impairment losses.

**ii. Subsequent expenditure**

Subsequent expenditure is capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure, including expenditure on internally generated goodwill and brands, is recognised in Statement of profit and loss as incurred.

**iii. Amortisation**

Amortisation is calculated to write off the cost of intangible assets less their estimated residual values over their estimated useful lives using the straight-line method and is included in depreciation and amortisation in Statement of Profit and Loss.

Intangible assets are amortised over a period of 10 years for technical know-how and 3 years for others.

Amortisation method, useful lives and residual values are reviewed at the end of each financial year and adjusted if appropriate.

**C. Inventories**

Inventories are valued at the lower of cost and net realisable value. Cost includes purchase price, duties, transport & handling costs and other costs directly attributable to the acquisition and bringing the inventories to their present location and condition.

The basis of determination of cost remains as follows:

- Raw material, packing material: Moving weighted average cost.
- Stores & stores: Moving weighted average cost.

- c) Work-in-progress: Cost of input plus overhead up to the stage of completion.
- d) Finished Goods: Cost of input plus appropriate overhead.
- e) Scrap: at net realisable value.

**d. Impairment**

***Impairment of non-financial assets***

- a) An asset is deemed impairable when recoverable value is less than its carrying cost and the difference between the two represents provisioning exigency.
- b) Recoverable value is the higher of the 'Value in Use' and fair value as reduced by cost of disposal.
- c) Test of impairment of PPE, investment in subsidiaries / associates / joint venture and goodwill are undertaken under Cash Generating Unit (CGU) concept. For Intangible Assets and Investment Properties it is undertaken in asset specific context.
- d) Test of impairment of assets are generally undertaken based on indication of impairment, if any, from external and internal sources of information outlined in para 12 of Ind AS-36.

Non-financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

**e. Employee benefits**

***i. Short-term employee benefits***

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided. A liability is recognised for the amount expected to be paid e.g., under short-term cash bonus, if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee, and the amount of obligation can be estimated reliably.

***ii. Defined contribution plans***

A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions into a separate entity and will have no legal or constructive obligation to pay further amounts. The Company makes specified monthly contributions towards Government administered provident fund and Employee State Insurance scheme. Obligations for contributions to defined contribution plans are recognised as an employee benefit expense in Statement of profit and loss in the year during which the related services are rendered by employees.

Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in future payments is available.

***iii. Defined benefit plans***

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan. The Company's net obligation in respect of defined benefit plans is calculated by estimating the amount of future benefit that employees have earned in the current and prior periods, discounting that amount and deducting the fair value of any plan assets

The calculation of defined benefit obligation is performed annually by a qualified actuary using the projected unit credit method.

Remeasurements of the net defined benefit liability, which comprise actuarial gains and losses are recognised in OCI. The Company determines the net interest expense (income) on the net defined benefit liability (asset) for the period by applying the discount rate used to measure the defined benefit obligation at the beginning of the annual period to the then-net defined benefit liability (asset), taking into account any changes in the net defined benefit liability (asset) during the period as a result of contributions and benefit payments. Net interest expense and other expenses related to defined benefit plans are recognised in Statement of profit and loss.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service ('past service cost' or 'past service gain') or the gain or loss on curtailment is recognised immediately in Statement of profit and loss. The Company recognises gains and losses on the settlement of a defined benefit plan when the settlement occurs.

***iv. Other long-term employee benefits***

The Company's net obligation in respect of long-term employee benefits other than post-employment benefits is the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value. The obligation is measured on the basis of an annual independent actuarial valuation using the projected unit credit method. Remeasurements gains or losses are recognised in Statement of profit and loss in the year in which they arise.

**f. Provisions and contingent liabilities**

A provision is recognized if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assumptions of the time value of money and the risks specific to the liability. The unwinding of discount is recognized as finance cost.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at reporting date, taking into account the risks and uncertainties surrounding the obligation.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, the receivable is recognized as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

A provision for onerous contract is measured at the present value of the lower of the expected cost of terminating the contract and the expected net cost of continuing with the contract.

Contingent liabilities are possible obligations that arise from past events and whose existence will only be confirmed by the occurrence or non-occurrence of one or more future events not wholly within the control of the Company. Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote.

**g. Leases****As a lessee**

The Company has adopted modified simplified approach under Ind AS 116 - Leases, with effect from April 01, 2019. Accordingly, the Company has recognised 'Right of use (ROU)' assets of Rs. 183.61 lakhs, accumulated amortisation is Nil and present value of lease liabilities of Rs. 183.61 lakhs as on April 01, 2019.

In the statement of profit and loss for the year, instead of rent expenses (as accounted under previous periods), amortisation of right of use has been accounted under depreciation and amortisation expenses and unwinding of discount on lease liabilities has been accounted under finance cost.

The Company's leases primarily consist of leases of land and office premises. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

At the date of commencement of the lease, the Company recognizes a ROU and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and/or low value leases, the Company recognises the lease payments as an operating expense on a straight-line basis over the term of the lease. Certain lease arrangements include the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The ROU assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses. Currently, ROU assets are being amortised over a period of 3-5 years based on lease term being lower of lease term and estimated useful life of underlying assets.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing activities in statement of cash flows.

**As a lessor**

Lease income from operating leases where the Company is a lessor is recognized in income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases.

**h. Borrowing costs**

Borrowing costs directly attributable to the acquisition or construction of those property, plant and equipment which necessarily takes a substantial period of time to get ready for their intended use are capitalised. All other borrowing costs are expensed in the period in which they incur in the statement of profit and loss.

**i. Revenue**

Revenue from sale of goods is recognised when control of the products being sold is transferred to our customer and when there are no longer any unfulfilled obligations. The Performance Obligations in our contracts are fulfilled at the time of dispatch, delivery or upon formal customer acceptance depending on customer terms. Revenue is measured on the basis of contracted / transaction price, after deduction of any trade discounts, volume rebates and any taxes or duties collected on behalf of the Government such as goods and services tax, etc. Accumulated experience is used to estimate the provision for such discounts and rebates. Revenue is only recognised to the extent that it is highly probable a significant reversal will not occur. Our customers have the contractual right to return goods only when authorised by the Company. An estimate is made of goods that will be returned and a liability is recognised for this amount using a best estimate based on accumulated experience.

Income from services rendered is recognised based on agreements/arrangements with the customers as the service is performed and there are no unfulfilled obligations.

Interest income is recognised using the effective interest rate (EIR) method.

**j. Foreign currency transactions**

Transactions in foreign currencies are initially recorded by the company at their functional currency spot rates at the date of the transaction.

Monetary assets and liabilities denominated in foreign currency are translated at the functional currency spot rates of exchange at the reporting date. Exchange differences that arise on settlement of monetary items or on reporting at each balance sheet date of the Company's monetary items at the closing rates are recognised as income or expenses in the period in which they arise. Non-monetary items which are carried at historical cost denominated in a foreign currency are reported using the exchange rates at the date of transaction. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined.

**k. Recognition of interest income or expense**

For all debt instruments measured at amortised cost, interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset or to the amortised cost of a financial liability. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, similar options) but does not consider the expected credit losses. Interest income is included in finance income in the statement of profit and loss.

**l. Government grant**

Government grants are recognised where there is reasonable assurance that the grant will be received and all attached conditions will be complied with. When the grant relates to revenue, it is recognised in the statement of profit and loss on a systematic basis over the periods to which they relate. When the grant relates to an asset, it is treated as deferred income and recognised in the statement of profit and loss on a systematic basis over the useful life of the asset.

**m. Income tax**

Income tax comprises current and deferred tax. It is recognised in Statement of profit and loss except to the extent that it relates to a business combination or to an item recognised directly in equity or in other comprehensive income.

**i. Current tax**

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by the reporting date.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

**ii. Deferred tax**

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax is also recognised in respect of carried forward tax losses and tax credits.

Deferred tax assets are recognised to the extent that it is probable that future taxable profits will be available against which they can be used.

Deferred tax assets recognised or unrecognised are reviewed at each reporting date and are recognised / reduced to the extent that it is probable / no longer probable respectively that the related tax benefit will be realised.

Deferred tax is measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on the laws that have been enacted or substantively enacted by the reporting date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

The Company offsets, the current tax assets and liabilities (on a year on year basis) and deferred tax assets and liabilities, where it has a legally enforceable right and where it intends to settle such assets and liabilities on a net basis

**n. Earnings per share**

The Company presents basic and diluted earnings per share (EPS) data for its ordinary shares. Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the period. Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding after adjusting for the effects of all potential dilutive ordinary shares.

**o. Cash flow statement**

Cash Flows are reported using indirect method, where by profit /loss before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. Cash flow for the year are classified by operating, investing and financing activities.

**p. Financial instruments****i. Recognition and initial measurement**

The Company initially recognises financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are measured at fair value on initial recognition. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, that are not at fair value through statement of profit and loss, are added to the fair value on initial recognition. Regular way purchase and sale of financial assets are accounted for at trade date.

**ii. Classification and subsequent measurement****Financial assets**

Financial assets carried at amortised cost

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through statement of profit and loss

A financial asset which is not classified in any of the above categories are subsequently fair valued through statement of profit and loss.

Financial liabilities

Financial liabilities are subsequently carried at amortised cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

**iii. Derecognition****Financial assets**

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the right to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial

assets are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Company enters into transactions whereby it transfers assets recognised on its balance sheet but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

#### Impairment of financial assets

The company assesses impairment based on expected credit losses (ECL) model at an amount equal to:

- 12 months expected credit losses, or
- Lifetime expected credit losses

depending upon whether there has been a significant increase in credit risk since initial recognition.

However, for trade receivables, the company does not track the changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

#### Financial liabilities

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled or expire.

The Company also derecognises a financial liability when its terms are modified and the cash flows under the modified terms are substantially different. In this case, a new financial liability based on the modified terms is recognised at fair value. The difference between the carrying amount of the financial liability extinguished and a new financial liability with modified terms is recognised in the statement of profit and loss.

#### iv. **Offsetting**

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or realise the asset and settle the liability simultaneously.

#### q. **Recent amendments to Indian Accounting Standards:**

On 24 July 2020, the Ministry of Corporate Affairs (MCA) had issued amendments to certain Ind AS as follows:

##### i. **Ind AS 103 - Business Combinations:**

The definition of the term “business” has been revised. An optional test has been introduced to identify concentration of fair value to permit a simplified assessment of whether an acquired set of activities and assets is not a business. Additional guidance with elements of business and on assessing whether an acquired process is substantive. An entity is required to apply the amendments to business combinations for which the acquisition date is on or after the beginning of the first annual reporting period beginning on or after the 1 April 2020 and to asset acquisitions that occur on or after the beginning of that period. There was no impact on the financial statements of the Company on adoption of the above amendments for the year.

##### ii. **Ind AS 107 - Financial Instruments: Disclosures:**

Additional disclosures have been introduced for uncertainties arising from interest rate benchmark reforms consequential to the hedge accounting related amendments in the Ind AS 109 – Financial Instruments. The Company did not have any transactions during the year to which these amendments were applicable.

##### iii. **Ind AS 109 - Financial Instruments:**

Temporary exceptions from applying specific hedge accounting requirements have been introduced for all hedging relationships directly affected by ‘interest rate benchmark reform’. (i.e. the market-wide reform of an interest rate benchmark, including the replacement of an interest rate benchmark with an alternative benchmark rate). This amendment is effective for annual reporting periods beginning on or after 1 April 2020. The Company did not have any transactions during the year to which these amendments were applicable.

##### iv. **Ind AS 116 - Leases:**

A Practical expedient has been allowed to permit lessees to exclude COVID-19 related rent concessions to be treated as a lease modification. This amendment is applicable to the Company from annual reporting periods beginning on or after 1 April 2020. There were no rent concessions during the year and accordingly, there was no impact on the financial statements of the Company on adoption of the above amendments for the year.

##### v. **Ind AS 1 - Presentation of Financial Statements and Ind AS 8 -Accounting Policies, Changes in Accounting Estimates and Errors (and consequential amendments to other Ind AS):**

The definition of the term “material” has been revised and is applicable prospectively for annual periods beginning on or after 1 April 2020. Consequent to the revised definition of “material”, certain amendments were also notified in the Ind AS 10 - Events after the Reporting Period, Ind AS 34 - Interim Financial Reporting and Ind AS 37 -Provisions, Contingent Liabilities and Contingent Assets.

There was no impact on the financial statements of the Company on adoption of this amendment for the year.

##### vi. **Standards issued but not yet effective:**

As on the date of approval of these financial statements, there were no new standards or amendments which have been notified but not yet adopted by the Company and expected to have any material impact on the financial statements of the Company.
